

# **SAY NO TO BLANKET 20MPH ACROSS NORTH CROYDON**

Do you want to be fined £100, or more, for driving at 24 mph in Croydon? Or lose your licence if caught more than once? If Croydon Council have their way, that is what may happen.

Croydon Council are consulting on plans to make almost all roads in north Croydon subject to a 20 mph limit. The only roads to keep the 30mph limit would be a few selected main roads.

Restricting vehicles to 20 mph might increase journey times substantially, while there is no proven road safety benefit of such speed limits. Indeed the council is pre-empting a Government study of the issue. Forcing people to travel at no more than 20 means more fuel consumption and will cause more air pollution.

Make sure you **SAY NO TO BLANKET 20 MPH SPEED LIMITS** and respond to the public consultation.

The council is not delivering a consultation letter to people's homes. Go to this web page and fill in the online form: [www.croydon.gov.uk/20mph](http://www.croydon.gov.uk/20mph)

Please do so now!

For more information, see overleaf.

# 20MPH IS NOT NEEDED IN NORTH CROYDON

**Why this blanket 20mph limit approach is wrong.**

**When councils do a proper consultation on 20 mph limits, nearly 70% say NO - for example as in Worthing. But you have to object yourself or this will be imposed against your will! Do we really want drivers fined and points on their licence for going at over 20 mph anywhere in north Croydon?**

**Many roads in the area already have speed humps to reduce traffic speeds and many of the injuries to pedestrians and cyclists in Croydon occur at low speeds on main roads. The road safety benefits of a wide area 20 mph limit will be minimal and there are no other real benefits.**

**Why make a change that is bound to lead to many more vehicles breaking the law by exceeding the speed limit? Don't fall for the council's anti-car propaganda.**

**20 MPH IS TOO SLOW FOR A MAXIMUM LIMIT**

**VOTE NO TO 20MPH - Go to the council's consultation web page given on the front of this leaflet and object.**

**For more information and to register your interest, go to [www.freedomfordrivers.org/croydon20.htm](http://www.freedomfordrivers.org/croydon20.htm)**

**This leaflet is published by the Alliance of British Drivers, 20 Ladbrook Road, South Norwood, SE25 6QD.**
